I fall in and out of love easily and an always almost always pursuing a scheme. I value independence and creativity, however I lose my head over lust and love

PERSONALITY TRAITS

I am an 'ethical thief', I only steal from those that I deem can either afford to lose it, or deserve to lose it

IDEALS

I have an estranged younger sibling that I want to share my fortune with

BONDS

I am convinced that no-one could fool me the way that I fool others

FEATURES & TRAITS

FEATURES, MAGIC ITEMS AND SPELLS

HALF-ELF

DARKVISION

Thanks to your elf blood, you have superior vision in dark and dim conditions. You can see in dim light within 60 feet as if you were in bright light, and in darkness as if it were dim light. You can't discern colour in darkness, only shades of gray.

FEY ANCESTRY

You have advantage on saving throws against being charmed, and magic can't put you to sleep.

ROGUE

EXPERTISE

At 1st level, choose two of your skill proficiencies, or on of your skill proficiencies and your proficiency with thieves' tools. Your proficiency bonus is doubled for any ability check you make that uses either of the chosen proficiencies.

At 6th level, you can choose two more of your prociciencies (in skills or with thieves' tools) to gain this benefit.

SNEAK ATTACK

Beginning at 1st level, you know how to strike subtly and expot a foe's distraction. Once per turn, you can deal an extra 1d damage to one creature you hit with an attack if you have advantage on the attack roll. The attack must use a finesse or a ranged weapon.

You don't need advantage on the attack roll if another enemy of the target is within 5 feet of it, that enemy isn't incapacitated, and you don't have disadvantage on the attack roll.

The amount of extra damage increases as you gain levels in this class, as shown in the Sneak Attack column of the Rogue table.

THIEVES' CANT

During your rogue training you learned thieves' cant, a secret mix of dialect, jargon and code that allows you to hide messages in seemingly normal conversation. Only another creature that knows thieves' cant understands such messages. It takes four times longer to convey such a message than it does to speak the same idea plainly.

In addition you understand a set of secret signs and symbols used to convey short, simple messages, such as wheather an area is dangerous or the territory of a thieves' guild, whether loot is nearby, or whether the people in an area are easy marks or will provide a safe house for thieves on the run.
